

ADSNA INC GENERAL MEETING 2007

President report

This past year has been another exciting and very fulfilling year. There were over 20 Australian nurses who headed to Amsterdam for the 7th International Congress where many of us presented papers. I would like to thank and acknowledge the generous contribution of my return airfare by Baxter Healthcare.

Once again, I was also able to sit in on the General Assembly of the International Association for Ambulatory Surgery (IAAS) and they continue to be impressed by the nurses in Australia with our journals, guidelines and willingness to distribute and sell the book they published last year.

We have been able to combine our Board and Council meetings with both the QLD State conference and Tasmanian State Conference which has been a fabulous opportunity to meet with more members. All states have had very successful conferences, seminars or education sessions and we see our national membership continuing to steadily rise.

Because of the continued support from our member states to provide such quality articles for our journal, along with the generous support of our sponsors, we are now able to provide a larger journal. Thanks again to the tireless work of Teena Brush and Helen Taylor with continued support from Celia Leary.

I would like to thank everyone of you for your support to me as President this past year.

Thank you

Wendy Adams

President
