**PARKING:**

The North Shore Specialist Day Surgery is situated 500m past the main entrance of Royal North Shore Hospital on the western side of the Pacific Highway if travelling North.

**Please note:** There is no onsite parking available, however plenty of parking can be found in the adjacent street.

We have pleasure in joining with medical and nursing staff from the North Shore Specialist Day Surgery, who will be presenting this IVF and PLASTICS information evening. Thank you also to our sponsors, Clifford Hallam and Cook Medical who will be supporting this meeting.

**ABOUT NORTH SHORE SPECIALIST DAY SURGERY**

North Shore Specialist Day Surgery is a professional, efficient and unique day surgery focussed on promoting health and dedicated to patient comfort, safety and care. While much of their surgery supports IVF Australia's fertility services, the modern two theatre facility also undertakes general, plastic, urology, male infertility, gynaecology and laparoscopic procedures.

Situated on the Pacific Highway in Greenwich, a major healthcare precinct in Sydney, the North Shore Specialist Day Surgery is easily accessible and provides on-site free undercover car parking for all patients.

A highly experienced and dynamic team looks forward to caring for patients and making their stay as comfortable as possible.

## ABOUT OUR SPEAKERS

**A/Prof Peter Illingworth MD(Hons) FRCOG FRANZCOG CREI  
Medical Director IVFAustralia**

Infertility, Reproductive Endocrinology & Gynaecology

A/Prof Peter Illingworth is an accredited specialist obstetrician and gynaecologist with over 20 years specialist experience in the area of infertility practice. He started his medical training in the UK, receiving his Bachelor of Medicine and Surgery and achieving his Doctorate of Medicine with honours at Dundee, UK. Having completed his obstetric and gynaecology training, he worked as a Senior Consultant at the UK Medical Research Council Reproductive Science Unit in Edinburgh. Prof Illingworth has an international reputation in the field of Reproductive Medicine. He has published over 70 research papers and book chapters as well as providing regular media comment in Australia. He has served on a number of senior committees of the Australian National Health and Medical Research Council.

Prof Illingworth moved to Australia in early 1996 and completely subspecialised in Reproductive Endocrinology. He is Medical Director of IVFAustralia, Clinical Director of IVFAustralia Western Sydney, a Fellow of the Royal Australian and New Zealand College of Obstetricians and Gynaecologists, Fellow of the Royal College of Obstetricians and Gynaecologists UK, and is a Royal College examiner in the Certificate of Reproductive Endocrinology and Infertility. Prof Illingworth has a special interest in reproductive endocrinology and disorders of female fertility

**TOPIC - IVF**

**Dr Kourosh Tavakoli Cosmetic Plastic Surgeon  
MBBS, BSc (med), MS (unsw), FRACS (plast.)**

Visiting Medical Officer - Fellow of the Royal Australasian College of Surgeons

Member of the Australian Society of Plastic Surgeons

Member of the International Society of Aesthetic Plastic Surgery

Member of the Australian Society of Aesthetic Plastic Surgeons

Dr Kourosh Tavakoli is a fully qualified Australian trained Plastic Surgeon specialising in Cosmetic Surgery. He is a member of the Australian Society of Plastic Surgeons and Australian Society of Aesthetic Plastic Surgeons. These are the societies affiliated and recognised by the Royal Australasian College of Surgeons for Plastic Surgeons.

A Sydney Grammar School graduate, Dr Tavakoli's 6 years medical training was at the University of NSW. Furthermore, he holds a Master of Surgery (MS) postgraduate research degree in Plastic surgery also received from the University of NSW. His Masters thesis was based on scientific research into Paediatric (children's) Craniofacial Distraction Osteogenesis used in treating kids with born facial deformities.

Dr. Tavakoli's main passion is however, Aesthetic or Cosmetic Surgery. Dr Tavakoli specialises in minimal scar plastic surgery of the face, breast and body. He is mostly aware of the importance of short scars in modern plastic surgery and is highly dedicated to delivering a natural look to all his patients.

In addition to his Australian plastic surgery training (10 years in total) in Sydney and Melbourne. Dr Tavakoli has travelled to some of the major European and American Cosmetic Plastic Surgery Centres in order to get exposed to the latest surgical techniques:
