

March, 2008 Newsletter

Overwhelming positive feedback from our delegates and trade last year means we are looking forward to our **11th Annual State Conference** being held at **The Hilton on the Park, Melbourne** on **Saturday July 19th**.

The DSSIG committee has focused this year's program on a range of clinical issues, regardless of specialty. There are so many great topics to explore and we are confident that we will have a program that suits all of our members, no matter what type of unit we work in. Mark the date in your diary now and we look forward to seeing you all there.

DSSIG is excited to announce that we are now an **Authorised Provider of Endorsed Courses** with the **RCNA** which means that we can issue **CNE points** for all our Education activities, including our State Conference. This is a positive and progressive development as many of our members require education points as part of their appraisal process and personal professional development.

We have included our preliminary brochure for you to pin up next to your calendar in your work place. A conference brochure and registration form will follow shortly.

In recent weeks you should have also received a flyer for the **Combined Groups Seminar**, to be held at the **ANF Conference and Education Centre** in Melbourne on **March 15th**.

If you have not received or misplaced your calendar, flyer for the Combined Groups Seminar, or require more preliminary brochures, they can be accessed via the website www.adsna.info by following the Victorian link.

Looking forward to catching up with you all throughout the year,

Wendy Adams

President (DSSIG)
