Newsletter, December 2010

2010 has been a busy and exciting year for all of us. Our membership continues to grow and support at our the many activities has varied from overwhelming to small and intimate. As we plan for 2011, we have a few new initiatives that we would like to implement and we value your feedback. In order to assist with keeping member's costs down and contribute a little to the environment, we would like to move towards being as paperless as possible including emailing newsletters and using the website for on line registration and membership renewals . In addition, ADSNA will be hosting a national day surgery conference in October 2011 and we would like to develop an education program that compliments this.

Please take a few minutes to complete the form below and return in the self addressed envelope which we have provided. Meanwhile, on behalf of the DSSIG Committee, we wish you and your families a very safe and Happy Christmas and New Year.
