We are very pleased with the fabulous support that we received at our State conference in July. With over 300 delegates and so many trade stands, it really was a great success. Our feedback from both delegates and trade was very positive and we have some constructive ideas for future topics and venues.

We have had a change in our program for our next Twilight Education Session so I thought I would send a revised flyer for you and your colleagues. Victoria Parade Surgery Centre is truly a state of the art stand alone centre which is well worth visiting. The staff are very excited at being the host of this very interesting education session. I promise our AGM will be very brief so you can take advantage of the view, presentations and tour of the unit.

Once again, we welcome any nominations for joining our committee. All positions will be deemed vacant at the AGM and nominations taken for President, Treasurer, Secretary and General members. Committee members do need to be financial members of both the DSSIG and ANF. The many committee members from over the many years will reassure you that being part of such a dynamic group far outweighs the time commitment involved.

Please do not hesitate to contact me if you require further information of either the Twilight Education Session or nominating for the committee.

Best regards,
