

**Nurses Association of Short Stay Facilities  
NASSF,  
Western Australia**

In December 1993, the Day Surgery Special interest group was formed by a group of nurses who attended the Inaugural Same Day Surgery conference in Perth.

In 1996 the WA group affiliated themselves with the newly formed Australian Day Surgery Nurses Association (ADSNA) with representatives from 5 Australian states.

In that same year the WA group changed their name to Nurses Association of Short Stay Facilities (NASSF) to reflect the diversity of specialties common in many day units.

The aims of NASSF are:

- to promote the free exchange of knowledge by offering bimonthly education sessions.
- to encourage recognition of the speciality
- to maintain links with similar organisations in Australia through ADSNA
- to pursue quality improvement in this area
- to foster good fellowship between members

NASSF would like to acknowledge our guest speakers, representatives and sponsors from the various trades and suppliers for contributing to the success of our conference and look forward to their continued support in the future.
